

Tuesday, March 21 | 2–4:00 pm ET

FREE Pre-Conference Skill Building Workshop
Sheraton Atlanta, 165 Courtland St NE

Minority-Serving Institutions Curriculum Mapping to Increase CHES Exam Eligibility

This session will discuss how to strategically embed the Areas of Responsibilities of Health Education into public health curriculum while still adhering to requirements of the Council on Education for Public Health (CEPH). Learn from current and former faculty of Historically Black Colleges and Universities (HBCUs) regarding how to augment curriculum appropriately so more students from Minority Serving Institutions (MSIs) can successfully pass the NCHEC transcript and syllabus review audit to be CHES exam eligible. MSI/HBCU Faculty members are invited to bring their course syllabi for review and discussion during the session. This session is hosted by the SOPHE HBCU Advisory Council and the Consortium of African American Public Health Programs (CAAPHP).
